Is Improving—Carlson, the man whom Sheriff Pomeroy had to put in severe restraint at St. Mary's hospital on Saturday last, has become normal and quiet, and the "muff" was taken off of him yesterday by that officer.

Have Arrived Home—Mr. and Mrs. Archibald McLean arrived in Astoria on Sunday evening last from their honeymoon journey and are now domiciled and at home to their friends at No. 365 Franklin avenue.

Commercial Saloon—This popular place, situated at 509 Commercial street, is up-to-date in every particular. The choicest of wines and all kinds of liquors can be procured here. Best quality cigars. Billiard table in connection. If you can't come in person, call up Phone 1231 Main.

Timber Cruisers—C. E. Day, P. S. King and W. P. Stewart, prominent timber cruisers, arrived down on the noon train yesterday and left out for the Nehalem to cruise a number of sections of timber land which the company they represent is desirous of purchasing.

Do You feel sleepy and not a bit like working in the afternoon? Perhaps it's because of the kind of lunch you're eating—too heavy and too hard to digest. Why not try the Palace restaurant on Commercial street, where all the baking is done in those famous slow-process ovens, which turn out light appetizing, wholesome things? You'll save money, too.

Be Sure you reserve seats tomorrow for either Friday or Saturday night at Star Theater. Society Operetta! Characters by well known ladies and gentlemen, under the able directorship of M. E. Robinson. Gilbert and Sullivan are well known to every one—every one enjoys their productions.

A Pressing Call—A telephone message was received at the sheriff's office yesterday from Aldrich Point, stating that Alec Moody had found a citizen of that section bound to a tree, a victim of a hold-up and robbery and that he had been so bound for nearly two days. Sheriff Pomeroy left up on last evening's train to investigate the matter.

Want Street Light—A petition was filed in the auditor's office yesterday, asking the common council to establish a street light at the intersection of Commercial and 13th streets. The petition is signed by John Engberg and twenty-six other residents of the district. The matter will come up at the meeting of the common council on Monday night.

On a Business Trip—Manager J. E. McIlroy, of the Old Oregon mills, at Warrenton, was in the city yesterday, on his way back from a business trip to Seattle. He says there is but one vessel taking lumber from his yards at the Flavel dock, the Geo. E. Billings, one of the finest five-masted schooners on the Pacific. She will carry away one and one-half million feet of lumber.

To Convene Next Week—At the earnest request of Vice Consul P. L. Cherry, British Consul James Laidlaw will come to this city next week, to preside over the court of inquiry to investigate the stranding of the British bark Galena, on Clatsop Beach, on the 13th inst. It is not known yet who will sit with Mr. Laidlaw in the matter.

A Good Laugh, a most entertaining evening for all. Only get your tickets Wednesday and reserve seats for Friday or Saturday. A varied program. Norwegian Singing Society in one of their fine choruses. Children's chorus, Miss Shively, director. Musical comedietta, O. P. R. A. Ladies' Quartette, "Old Folks at Home." Full choruses and many other specialties, Friday and Saturday evenings. Star Theater. Benefit Public Library.

Lunden Missing—William Lunden, a boat builder, living in Upper Astoria, started out last week on a duck hunting expedition in the vicinity of Blind Slough, expecting to return Friday night. Since that time nothing has been seen or heard of him, and it is thought he has met with some accident and been drowned. His wife is very much worried over his failure to return home. Searching parties will go out and see if they can find him. His boat was found on Thursday evening last, at Tongue Point, with one oar in it, and it was taken to Svensen, where it was identified yesterday by those familiar with the boat and with the fact that Lunden went away in it. Beyond this nothing has developed in this unhappy relation.

Registrations—Only two voters applied to the auditor's office yesterday to register for the city election. Apparently little or no interest is taken in the election, notwithstanding there are fifteen amendments to be voted for to the city charter.

Fruit Inspector—Petitions have been prepared and circulated in the county, asking the county court to appoint Bernard Rist, of Olney, as county fruit inspector. Such an appointment has long been needed in the county and Mr. Rist is thoroughly versed in the fruit culture business and competent to fill the position.

Turkeys High—A car-load of turkeys were received in Astoria yesterday and distributed among the various markets and stores. The retail price is 30 cents a pound, the highest turkeys have ever sold for in Astoria. Judging from the immense number being received in Portland, the price will not remain at this figure very long.

Thanksgiving Sale—The sale of home-made mince meat, cakes, pies, aprons, comfortables and many other useful articles, commences this afternoon in the basement of the Congregational church. This will be an opportunity for those desiring to procure many home made delicacies, besides assisting a good cause, to do so.

Preparing Ballots—In addition to mailing copies of the charter amendments to all voters who have registered for the city election, Auditor Anderson, assisted by Sergeant Twombly, was busy yesterday making out the official ballot to be voted for at the ensuing city election. The ballot will be quite lengthy, owing to the fact that there are fifteen different charter amendments to be voted upon.

Contract Awarded—A special meeting of the water commission was held yesterday afternoon to discuss the claim made by Captain C. S. Gundersen for damages to his property, also to take some steps to have the common council to build a drain on 14th street to carry off the surplus water. A contract was awarded to Leander Lebeck to drive a number of piles at the corner of Fourteenth and Jerome avenue to protect the water main which was recently carried away by the land slide.

Police Court—Yesterday was a busy day in the police court. Six manipulators of ivory and checks forfeited \$25 each; two drunks, one for \$5 and one for \$10, failed to appear at roll call and their bail was declared forfeited, making the total receipts of the police court \$165. Wm. Mayers was fined \$5 or two days in jail, for imbibing too freely, but as he had spent the holy Sabbath day in jail, the sentence was commuted. H. Morgan was up on a charge of being drunk, to which he pleaded guilty. He will board with Landlord Gammal two days.

Difficulties Adjusted—At a meeting of several property owners along the line of Bond street between 6th street and the McClure line, who had filed a remonstrance with the common council against the acceptance of the improvement, all controversy over the improvement was amicably adjusted, the contractor agreeing to make a few necessary fills on the street. The claim for the payment of the improvement was not approved by Mayor Wise, awaiting an understanding between the contractors and property owners.

Board of Equalization—The board of equalization, appointed by the common council to equalize the assessments for the improvement of Eighth street between Kensington and Niagara avenues; Bond street between Forty-second and Forty-fourth streets; Fourteenth between Franklin and Grand avenues, and Eleventh street between Franklin and Harrison avenues, held a session yesterday afternoon at the city hall. No objections having been filed to the improvement or assessment, the same was filed with the auditor.

Laying Mains—A communication was filed in the office of the auditor yesterday by the Astoria Water Commission, requesting the common council to take the necessary steps to improve Fourteenth street from Jerome to Lexington avenues, as the commission is anxious to take the proper steps to put in a water main in order to supply the people residing on the hill with an adequate water supply. This district has not had the advantage of city water and the residents are very anxious to be connected with the water system. The question will probably be referred to the committee on streets and public ways at the meeting of the council next Monday night.

"THE NOTORIOUS MRS. GAY."

Tonight the Mack Swain company will resume their engagement at the Astoria Theater and in response to numerous requests will present a most amusing farce-comedy, in three acts, entitled, "The Notorious Mrs. Gay." This excellent company have presented dramas of all kinds, during their engagement in this city, and will now show their mettle in mirth-provoking, laughter-compelling comedy; and as "a little nonsense now and then is relished by the wisest men," the coming production should meet with the favor of the theater-going public. The play in question has met with great success, both in England and America, and is, without doubt, one of the most laughable dramatic productions of the present day. It is a farce-comedy with a plot, and a sensible and interesting plot, at that, a whirlwind of fun, a cyclone of mirth, an avalanche of wit and humor, a curious combination of comical complications, a panorama of peculiarly perplexing predicaments—two and a half hours of unalloyed enjoyment, one hundred and fifty good, hearty laughs in the same number of minutes. Cora King Swain will appear as "Carlotta Gay," a dashing young widow; Mack Swain, as "Plunkett," a valet, who masquerades as his master and causes nearly all the trouble, and the other characters will be in competent hands.

The cheap imitations of Foley's Honey and Tar cost you the same as the genuine in the yellow package. Why then risk your health, perhaps your life, taking them when Foley's Honey and Tar will cure your cold and prevent serious results? It is guaranteed. T. F. Lauren, Owl Drug Store.

CARD OF THANKS.

The stranded family living in a tent on the hill do, individually and collectively, hereby tender our most heartfelt thanks and gratitude to the good people of Astoria in general and especially to the pupils of "The Shively School," who have taken such kindly interest in our welfare and presented to us so many useful donations. These offerings were brought without solicitation, given with gladness, and we assure you, were received with joy. May the Divine Giver of all good gifts shower his blessings of abundance upon you all.
A. FORD AND FAMILY.
Astoria, Ore., Nov. 25, 1906.

Chinook Hatchery—Nic Hansen of the Chinook hatchery, was in the city yesterday and reports that the stock of eggs this year far exceeds those supplied last year. Last year, one million fry were turned out, but it is expected that this year nearly two million will be turned out. The Chinook hatchery is one of the most important in Washington and has the credit of turning out a large supply of young salmon.
